

Clean Water Action endorses Vice-President Kamala Harris

VOTE FOR KAMALA HARRIS NOVEMBER 5!

- A Leader on Clean Water Issues
- A Staunch Advocate for Environmental Justice
- A Climate Champion

Vice President Harris has a strong track record of leadership around water pollution and drinking water issues:

- Reducing lead exposure by leading the initiative to replace all lead pipes and remove lead paint
- Holding polluters accountable by reversing Trump administration rollbacks and strengthening environmental and health safeguards
- Improving water quality and drinking water safety through historic investments in critical infrastructure needs

Vice President Harris has been a longstanding advocate for environmental justice and advocating for everyone's right to clean air, clean water, and a healthy environment:

- Creating one of the nation's first environmental justice offices while serving as District Attorney in San Francisco
- Integrating environmental justice principles into all federal agencies' work so that pollution burdens do not fall disproportionately on low-income communities and communities of color
- Protecting environmental justice and frontline communities by implementing stronger environmental and public health protections
- Allocating unprecedented levels of funding to improving water quality in disadvantaged communities

Vice President Harris is dedicated to addressing the climate crisis:

- Implementing stronger air pollution standards to protect people's health and reduce global warming emissions
- Building a strong clean energy economy through innovative investments in clean energy manufacturing, electric vehicles, and infrastructure
- Advancing the Biden-Harris Administration's commitment to achieving net-zero emissions by 2050 and reaching a carbon free power sector by 2035
